BUSINESS PROFILE

MPS (Mining & Petroleum Services) is committed to Mining consumables efficiently supplied within your lead time. **MPS** will source and deliver all your site requirements. With competitive pricing and professional service delivery **MPS** is committed to servicing all your stock consumables. Where you have special needs, we will source the solution and do it quickly, minimizing your delays, saving you time and money in the process.

Executive Summary

MPS is pleased to lead **Its Customers** to the growth of its projects. We understand the business challenges and recognize the unique opportunity to help you out in solving all your engineering problems. We believe that the Egyptian mining market is in its start-up stage and that we are uniquely positioned to successfully provide all engineering solutions locally with high safety standards, low cost, and fast delivery.

Having duly examined mining requirements, we are confident that our proposed services will effectively address all your needs. Our goal is to provide cost-efficient high-quality services by applying most recent technology in the market and our partnership with other leading companies inside & outside Egypt. By availing itself of our services, **Our Customers** will:

- ❖ Save cost and time which can be utilised in other focus.
- ❖ Reduce its inventory value by reducing stock items.
- ❖ Receives an internationally recognized service certificate.
- ❖ Grantee 1x year warranty for all our products & services provided.
- ❖ Get 24/7 technical support consultation.

Our unique ability to design and solve problems and our successful track record in make us an enviable partner in the market. We look forward to forming a mutually rewarding relationship with **YOU**.

Company Background

Founded in 2019 by a group of high qualified Egyptian engineers, **MPS** (www.mpsmining.com) offers wide range of engineering solution services. Our products & services are known for its high standard and quality.

MPS currently serves over Five main customers in mining & petroleum sectors and employs 30 people. **MPS** is a rapid growing company, in which its strategy and professional partnerships together with high skilled team helped in gaining customer's trust.

Mission Statement:

Our Mission is to provide the highest quality service with outstanding values and thereby become a world-class company in Engineering solutions, Calibration & Testing industry. This is achieved through efficient & accurate testing methods, ongoing development and uses of most recent engineering technology. evaluation and implementation of quality control methods. continual evaluation of revision and testing procedures in line with national or international standards.

What Can we Provide:

CALIBRATION PRESSURE

- ✓ Pressure Gauges up to 30K PSI
- ✓ Pressure Chart Recorders
- ✓ Pressure Transmitters
- ✓ Pressure Transducers
- ✓ Pressure Switches
- ✓ Pressure Calibrators
- ✓ Vacuum Gauges
- ✓ Vacuum Transducers
- ✓ Manometers

TEMPERATURE

- ✓ Dry Block Calibrators
- ✓ Ovens & Environmental
Chambers
- ✓ Indicators
- ✓ Controller
- ✓ Thermocouples
- ✓ Simulators
- ✓ Transmitters
- ✓ Thermometers
- ✓ Process Calibrators

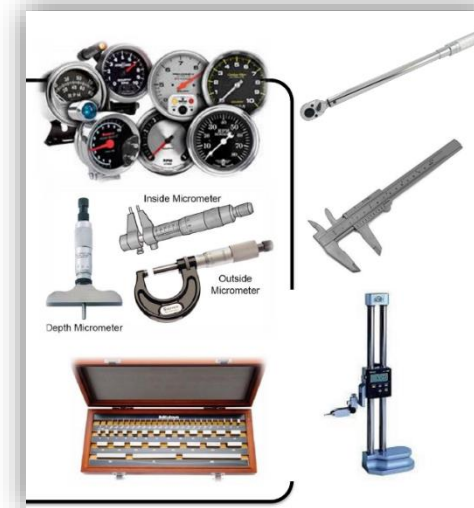

HUMIDITY

- ✓ Indicators
- ✓ Chambers
- ✓ Data Loggers
- ✓ Probes
- ✓ Recorders
- ✓ Pens
- ✓ Transmitters
- ✓ Hygrometers
- ✓ Micro Baths

MECHANICAL DIMENSIONAL

- ✓ Tachometers
- ✓ Torque Wrenches
- ✓ Micrometres
- ✓ Callipers
- ✓ Height Gauges
- ✓ Dial Gauges
- ✓ Gauge Blocks

ELECTRONIC

- ✓ Meggers
- ✓ Ohmmeters
- ✓ Scope Meter
- ✓ Electronic Timer
- ✓ Multimeters
- ✓ Megohmmeter
- ✓ Sound Calibrator

TESTING

HYDROSTATIC AND GAS PRESSURE TEST

- ✓ Test up to 30 KPSI
- ✓ Test for hoses, vessels
- ✓ Choke manifold
- ✓ BOP (manual and Hydraulic) gate valves
- ✓ Rubber hose and Coflex hoses
- ✓ Treating iron and flow lines (Chiksans, Swivels, Tee pieces, Joints and Pipes)
- ✓ Pneumatic pressure test for air tanks
- ✓ Pumps (repair and, recertification)
- ✓ All types of valves (direct spring, Safety relief, Gate, Globe, Plug, Ball, Check, and Butterfly valve according to all international test standards.)
- ✓ Third party pressure testing services up to 30 KPSI. (Indoor / Outdoor)

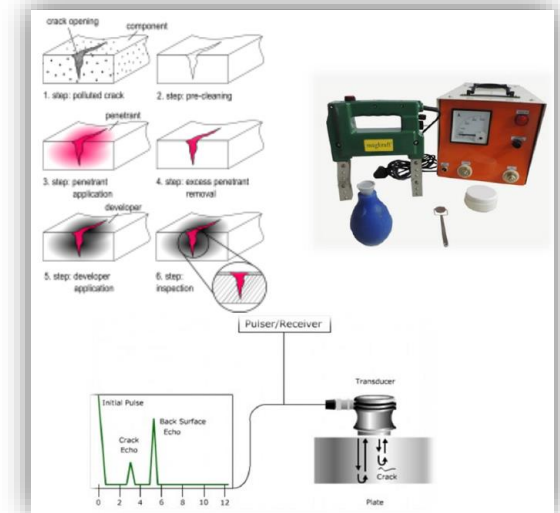

INSPECTION

- ✓ Penetrant Test(PT)
- ✓ Magnetic Particle
- ✓ Inspection (MPI)
- ✓ Ultrasonic Testing

LIFTING INSPECTION

- ✓ Lifting & Handling Equipment's
- ✓ General Crane
- ✓ Mobile Crane
- ✓ Tower Crane
- ✓ Fork Lift

ALIDATION SERVICES

- ✓ Equipment Validation Services
- ✓ Utility Systems
- ✓ Facility Qualification
- ✓ Clean Zones Qualification
- ✓ Liquid Nitrogen Tanks
- ✓ Various Ovens
- ✓ CO2 Incubators

ENVIRONMENTAL SERVICES

- ✓ Measurements and Monitoring
- ✓ Impact assessment
- ✓ Hazardous waste management
- ✓ Solid Wastes Management

GENERAL SUPPLY

- ✓ High pressure hoses, accessories and fittings
- ✓ Hand Tools
- ✓ Pressure Gauges
- ✓ Pressure Relief valves
- ✓ Pipe fittings
- ✓ Hammer Union
- ✓ Swivel Joint
- ✓ Ring Gaskets
- ✓ High pressure measurement devices

In Addition to the above, MPS also supplies a wide range of field supplies such as:

SAFETY GEARS & EQUIPMENT

MPS's aim for all employees to be safe in their place of work. Suitable clothing and apparatus for the workplace is vital and a right.

MPS is supplying a variety of high-quality safety equipment including glasses, coveralls, jackets, safety harnesses, helmets, gloves, marine safety, shoes, and face protection. **MPS** can also supply safety signs, cones, delineators and safety barriers. We are fully focused on our customers' complete safety and satisfaction. We aim to keep our customers happy by listening closely to their needs, delivering high-quality products, and backing them up with support services.

MPS is fully committed to protecting the health and safety of our customers. We have been supplying global brands such as UVEX, MSA, 3M, Ansell, Kimberly Clark, National Safety Apparel, BigBill FR and Bulwark FR for many years and continue to serve our clients on a regular basis.

MINING EQUIPMENT & CONSUMABLES

Wherever you are, **MPS** deliver on-time and state-wide to make sure you are never left without the products you need to perform at maximum output – and maximum safety.

With a strong understanding in the importance of security to the supply chain, **MPS** offers a range of quality mining consumable products that complement each other and form part of our “One Stop Shop” solution.

We have consumable products in the following areas:

- Heavy equipment consumables.
- Air compressors.
- Diesel pumps, Electric pumps.
- Exploration core trays.
- Survey tools and instruments.
- Mark paints & Mark tapes.
- Corner pegs.
- Drilling chemicals including fluids, grease, oils ...etc.
- Wide range of drilling consumables including rods, subs ...etc.
- O-rings & floating seals.
- Measuring tapes.
- PVC tanks.
- PVC pipes, poly pipes & Fittings.
- Mining hand-tools including shovels, hammers, grinders ...etc.
- Flashing lights & Torches

MECHANICAL PARTS

Facing more and more mining & petroleum industry competition, **MPS** always adheres to technological innovation as the core, and strive to provide the most advanced & energy-efficient equipment and the most comprehensive. Service is the most critical success factor of **MPS** that will uphold the service concept. "What you need is what we can do"

MPS produces and supplies machine elements individually, which is why we can only name the most frequently requested production forms here. Of course, we also produce a wide range of machine components individually according to your customer specification. We will be happy to provide you with information about our production options. Please let us know about your request or send us your inquiry.

In **MPS** we can supply you with:

- Light vehicles & Heavy trucks spare parts.
- All different hose sizes and applications.
- Hose fittings.
- Screws, nuts, washers, spacers ...etc.
- Steel & Copper hammers.
- Wirelines.
- Hydraulic and engine oils.
- Hydraulic winches & lifting tools.
- All Hand-tools.
- Electric tools.
- Filters Air, Oil & Fuel.
- Tire pressure gauge.
- Air compressors.
- Fluid drain pans.
- Jack and jack stands.
- Wheel chocks.
- Digital multimeters.

MPS can provide you with all mechanical spare parts that can last longer than ever, that is because all our products have been fabricated and machined with world-class standards.

HYGIENE PRODUCTS

As **MPS** is fully committed to provide all possible services to Mining & Petroleum sectors, we understand your need to maintain personal hygiene especially with the most developed viruses and germs.

MPS's Hygiene has pioneered the use of highly effective new green chemical technologies in the housekeeping and industrial cleaning sectors, providing products that enable its clients to meet environmental standards, including LEED accreditation.

No matter how far your project is, wither in a remote desert or offshore platform, we will reach you and deliver your required supplies.

MPS can supply:

- Offices & Kitchen disinfectants.
- Hand Cleaner Dispensers.
- Hand Sanitizers. Lotions.
- Personal Soaps.
- Kitchen Soaps.
- Toilet Paper.
- Face Masks.
- Surgical gloves.
- Air re-Freshener.

MPS's Team appreciates your time reading the company profile and looking forward to doing Business with you in the future!
